

**SA-130**

**Compact Amplifier**

**Ideal for simple, small application**

# SA-130 Compact Amplifier

SA-130 is designed with the most essential features and functions required for paging and music distribution with light weight and compact size. The extendable network function has further advantages on the flexibility and ease of installation. The SA-130 is the best choice for simple, small application from school's classroom to retail store and restaurants.

## Key features

- Light weight, compact in size and high efficient design
- Able to extend network function by using the network module IP-100XI.
- 100V override for easy interface with existing system
- Ideal for simple, small application

## Specification

SA-130 Compact Amplifier (D Class)	
Power Supply	DC 24V ( Adapter 2.09A)
Output Power	30W (RMS), 100V (333Ω)
Current Consumption	Rated 1.8A or below (Standby mode: 0.1A or below)
Audio Input	Mic x1 (-60dB, Φ6.3 PHONE JACK, Phantom power ON/OFF switch and volume control) AUX 1 - 2 (-10dB, Φ3.5 MINI JACK, with volume control) AUX 3 (-10dB, 3 RCA JACK, with volume control)
Audio Output	LINE OUT x1 (-10dB, Φ3.5 MINI JACK, Speaker output 100V)
Priority	EXT IN > IP > MIC/AUX
EXT IN Sensitivity	MIN. → Start broadcast when input signal is greater than 10V MAX. → Start broadcast when input signal is greater than 30V
Signal to Noise Ratio	Above 76dB
Total Harmonic Distortion	1% or below
Frequency Response	50Hz - 15k Hz ( ±3dB)
IP-100XI Module	RJ45 connector (Power supply is supplied internally by SA-130) (Optional)
LED Indicator	Main Power Supply
On/ Off Switch	Main Power Supply
Operating Temperature	0°C - 40°C
Operating Humidity	10 - 90%
Finish	Black paint, aluminum panel
Dimensions	210(W)*44(H)*152(D)mm
Weight	1.4kg
Accessories	User Manual x1, European Terminal 2P x1, Adapter x1, Power Cord x1, Fittings x2, Screw x4

## Application

Classroom

Retail stores

Restaurant
